(List Price: £1752.00 + VAT)

Price includes delivery and installation U.K. mainland, machine instruction and 3 months warranty on parts and labour. Delivery and installation outside of mainland U.K. would be at cost.

1 - KPX Type OA/CPLD Modified Hand Screen Printing Machine Model 4512. Year of manufacture 2005.

The machine specification is as follows: -

Type CPLD one arm squeegee with single roller print pressure control. The cam runner drops into a channel so it is held top and bottom (removable top plate)

The vacuum base is made with full Formica laminate on top and sides. It is fitted with two independent vacuum areas drilled with 1/16" dia holes at 1/2" pitch. One vacuum area is split into three areas for A3 sheets. The other vacuum area is the surrounding area and the two 2 1/2" gaps between the three A3 sheets

a) 3 x A3 vacuum area operate on and off when the screen reaches and leaves the open position (A3 = 11" x 17")

b) The surrounding vacuum operates on and off just before the screen reaches the print position.

c) The two vacuum units are fitted to the machine so it is totally mobile

The vacuum base is fitted with 9 x 6mm dia register lay pins to register the 3 x A3 sheets

The machine will be fitted with 4 castors with 2 locking

All parts are either stainless steel or stove enamelled

Maximum screen size: 63" x 26" (1600mm x 660mm)

Paper size: 3 x 11" x 17"

Print size: 3 x 10" x 16"

**Price: £3950.00 + VAT**

*(New Price: £8482.00 + VAT)*

Price includes delivery and installation U.K. mainland, machine instruction and 3 months warranty on parts and labour. Delivery and installation outside of mainland U.K. would be at cost.
